TOP 10 REASONS TO CHOOSE JELD-WEN

CHANGE IS GOOD...
JELD-WEN
is Better!

1 Decades of Experience Over 50 Years of Getting Windows Right

Founded by four men flush with entrepreneurial spirit, JELD-WEN has over 50 years of experience that we put to work for you day in and day out. Since our inception, JELD-WEN has been producing a reliable product of great quality. With decades of experience to our credit, JELD-WEN offers quality products that you can be proud to have in your home. Put our experience to work for you and see the JELD-WEN difference.

2 Quality that Lasts Peace of Mind for the Life of the Product

Every JELD-WEN product is built to stringent standards. We believe that when you start with quality raw materials, the end result is all the better for it. We still believe that to this day, which is why we pioneered AuraLast wood. AuraLast was engineered for style and durability, two hallmarks of any exceptional household fixture. Combined with superior glass and hardware components, you can expect years of low-maintenance beauty.

3 Built for Performance Adds Beauty to the Home

JELD-WEN creates windows and doors to meet nearly every performance requirement. Our standard Low-E insulated glass helps homes keep a comfortable temperature year round, prevents fading of interior furnishings and reduces condensation. Security is of concern to us all. Which is why many of our windows feature a multi-point locking system for added safeguards and ease of use. The folding nested handle and hardware used in JELD-WEN products come handsomely finished in a wide variety of tones.

4 ENERGY STAR Certification Saves You Money

Many JELD-WEN windows and doors are ENERGY STAR qualified, meaning they exceed the minimum energy efficiency criteria for the climate region you live in. Replacing old, inefficient windows with JELD-WEN could mean huge savings on future energy bills, especially during cold Canadian winters. JELD-WEN has been an ENERGY STAR partner since 1998 and has received ENERGY STAR awards for our commitment to the program.

5 Unrivaled Selection Endless Choices Get You Exactly What You Want

JELD-WEN has one of the most extensive product lines in the industry. Whether you are looking for windows, interior or exterior doors, chances are JELD-WEN has a solution that will fit your needs. Using a wide variety of materials including wood, aluminum, vinyl and hybrid combinations, JELD-WEN offers all of the most popular window styles including casement, awning, hung, slider, fixed, architectural and specialty custom. When it comes to JELD-WEN products, the only limit is your imagination.

6 Sustainable Solutions Less Waste From Our Factories

Some time ago, we made a deliberate decision to use, for a high-value purpose, every last bit of raw resource that enters our plants. We believe that building responsibly is just as important as building quality, which is why we instill sustainable and environmentally sound practices in to everything we do.

7 Legendary Reliability Worry-Free Living

Taking together superior build quality, industry-leading warranty and stellar performance, a JELD-WEN window or door is one of the most reliable home building products you can buy. Our products are in more homes longer than similar competing brands. Trust JELD-WEN as your reliable choice.

8 Industry-Best Service and Warranty We Stand Behind Every Product We Make

All JELD-WEN products carry a manufacturers warranty that guards against defects in material and workmanship for up to 20 years. We believe our products should last a lifetime and our comprehensive service backs that up. Should you require assistance, we promise to always be friendly and prompt; we are always eager to assist and will be there should you need us.

9 Adds Lasting Value to the Home The View from the Curb Has Never Been Finer

The act of simply replacing your front door can add as much as 5% to the perceived value of your home. Through windowscaping and creating a grand entrance you can keep that perceived assessment by choosing JELD-WEN products - for beauty and value that lasts.

10 A Hassle-Free Experience from Start to Finish Less Worrying, More Living

We want the process of selecting new or replacement windows and doors to be as hassle-free as our products themselves. That's why we have a wealth of support materials for everything we sell. From lengthy warranty information to specs and installation instructions, all JELD-WEN products come standard with the full knowledge and support of our 50 years in the business.

AS A COMMITTED ENERGY STAR PARTNER SINCE 1998,
JELD-WEN has won multiple awards
FOR EXTRAORDINARY ACHIEVEMENT
IN ENERGY EFFICIENCY.
